

### Remarks

The title of the invention (as set forth on the first page of the published International application, i.e. WO 2005/000857), has been amended to be consistent with the title of the invention as set forth on page 1 of the specification, and in the unexecuted Declaration and Power of Attorney form submitted herewith.

Inadvertent errors have been corrected on pages 41 and 42 of the specification. For the change on page 41, the IR wave number is normally represented by " $\mu$  (mu)". The formula number on page 42 has been corrected to (10) since Formula (9) is already set forth on page 40.

Claims 18-20 and 25-27 have been amended to depend from only a single preceding claim, in order to reduce the filing fee.

Respectfully submitted,

Nobumasa OOTAKE et al.
